

# Save More on Child Care

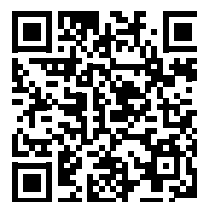

## Apply for Child Care Subsidy

**Child Care Subsidy** can help pay for licensed child care costs for children 12 years and younger. Some families may receive child care for free.

Even if your family is already receiving reduced fees through the Canada-Wide Early Learning and Child Care (CWELCC) plan, you may still qualify for **Child Care Subsidy**.

**Child Care Subsidy** and CWELCC work together to help lower child care costs. Don't miss out on the opportunity to make child care more affordable for your family.
