

# SUMMER PROGRAM

# 2026

## New this Summer at White Oaks

This year, our Summer Program is **fully campus-based**, with all activities taking place on-site. Children will enjoy a fun and engaging experience in a familiar and comfortable environment with in-house activities.

Each week features exciting themed experiences, including arts and crafts, sports, music, drama, park walks, games, water activities, and more.

**Our goal is simple:** to keep children active, social, creative, and happy throughout the summer.
